089-1166	14	10	6	16 ⁵ / ₈	1	20 ⁵ / ₈

EASY TO FIT

No Bolts or Studs required - burn out locating hole and weld pipe in place. Integral mounting flange on inboard side facilitates ease of positioning and welding.

NO BREAKAGES/REPLACEMENTS

All steel unit construction for long service life. Can be welded and dressed in the event of undue wear.

KIND TO ROPES

Unlike most mooring pipes a good radius is carried round outboard as well as inboard, allowing up to a full 180 bend to equalise load on bulwark plating.

DIRECT SELECTION OF APPROPRIATE SIZE FROM STOCK

Design covers all popular sizes and loadings. Urgent demands normally met from existing stocks.

One of a WIDE RANGE of top quality ship's fittings designed and manufactured by:
