

WASTES & TRAPS

WASTES

- 70007N1 1½in plug and chain waste, overflow slot, outlet screwed in 1½in BSP male. Chromium plated.
- 70057P4 1½in anti-theft waste, overflow slot, plug with spindle, chain and chainstay, outlet screwed 1½in BSP male. Chromium plated.
- 70057P5 1½in anti-theft waste, overflow slot, plug with spindle and grip knob, outlet screwed 1½in BSP male. Chromium plated.
- 7006700 Anti-theft rubber plug with chromium plated spindle and grip knob

Diagrams A and B show how the hinged parts fall apart after insertion of the spindle thereby preventing withdrawal of the plug assembly.

TRAPS AND CONNECTIONS

- B10 1½in white plastic bottle trap, 76mm seal, 90° multifit outlet bend for 35mm copper, straight 35mm copper discharge pipe, 460mm long. Chromium plated or natural finish. Slip joint connection comprising coupling nut screwed 1½in BSP female, brass ring, rubber ring. Steel deck connection by shipbuilder.
- 70197 1½in bottle trap, 76mm seal, outlet with bent tail with ruff with nut and ring for 35mm copper. Chromium plated.
- 54496-4 Straight 35mm copper discharge pipe 460mm long. Chromium plated or natural finish. Slip joint connection comprising coupling nut screwed 1½in BSP female, brass ring, rubber ring. Steel deck connection by shipbuilder.
- 6011-168 coupling nut screwed 1½in BSP female
- 6044-32 brass ring
- 6090-13 rubber ring

OUTLET TAILS FOR TRAPS

- 26449-14 35mm bent tail for brazing. Chromium plated or natural finish.
- 54496-4 35mm bent tail with ruff with nut and ring for 35mm copper. Chromium plated.
- 54495-5 35mm bent tail bossed and screwed 1½in BSP female. Chromium plated.
