

W.J. KEATING LIMITED

RIGGERS' Forming Vises

Handle $\frac{1}{16}$ " to $3\frac{1}{2}$ " Cable Without Adapters

Form Strong Slings for Handling Many Heavy Loads

Proven in Maritime, Oil, Lumber, Construction & Manufacturing Industries

Available in 4 Sizes as Pictured

Meeting all standard federal specifications, the Portable Riggers' Forming Vise is in widespread use wherever cable and wire rope is in use or handled. Patented jaws hold and snug cables and wire rope from $\frac{1}{16}$ " to $3\frac{1}{2}$ " inclusive without adapters. Slots in the base are dovetailed to accept dovetailed jaws. The base is drilled with four $\frac{5}{8}$ " holes for mounting in flat or horizontal position. Acme threaded screws provide easy operation and positive action and extreme strength. Rigid construction assures durability. Invaluable for forming cable or wire rope around thimbles or fixtures, making slings for either splicing or "U" bolt clamp or clip installations.
